COMPANY PROFILE

Golden Guinea Breweries Plc. was incorporated on 26th September, 1962, under the name of Independence Brewery Limited by the then Eastern Nigeria Development Corporation. (E.N.D.C.), the investment arm of Government of the former Eastern Region of Nigeria. The construction of the first Brewery commenced on 1st November, 1961, and was completed on 30th September 1963. On 18th September 1963, brewing of lager beer commenced and in November of the same year Golden Guinea lager beer was launched into the Nigerian market. It began producing its second product Eagle Stout in 1967 thereby becoming one of the two breweries producing Stout in the country at that time. On 6th May, 1971 the Company changed its name to Golden Guinea Breweries Ltd. As a result of the reconstitution of the country into States, the ownership of Golden Guinea Breweries Ltd passed to the East Central State Government and on to the Imo State Government in 1976.

Golden Guinea Breweries Plc. became a publicly-quoted company listed on the Nigerian Stock Exchange in 1978 when Imo State Government holding was reduced to 51 % of the Company's equity. In 1963, the shareholding of Imo State Government was reduced again to 25.5% of the Company's equity. With the creation of Abia State out of the former Imo State in 1991, the 25.5% shareholding by Imo State Government was shared. Presently, the Company has about 25,000 Nigerian Shareholders holding 97% of the Company's equity while 3% of the Company's equity is held by non-Nigerian Companies.

At an Extraordinary General Meeting held at Abakaliki, Ebonyi State on 24th October, 2014, the Company resolved and increased the Authorized Share Capital to ₦ 10,000,000,000.00 (i.e. 20,000,000,000 Ordinary shares of 50 kobo each) by the creation of 16,000,000 additional shares of 50 kobo each, ranking in all aspects pari-pasu with the existing shares of the Company.

The Company also authorized raising additional capital by way of a Special Placement up to ₦ 1,874,582,000.00 (One Billion, Eight Hundred and Seventy-Four Million, Five Hundred and Eighty-Two Thousand Naira) through issuance of shares, debt to equity conversion, etc.

On 26th March, 2020 the Special Placement of 752,508,000 Ordinary shares of 50 kobo each, at ₦ 1.60 per share, was approved by the Nigerian Stock Exchange, arising from Golden Guinea Breweries Plc.'s Placing to Pan Marine Investments Limited. The total shares of Golden Guinea Breweries Plc. on the Daily Official List of the Nigerian Stock Exchange increased from 272,160,000 to 1,024,668,000 Ordinary shares.

Golden Guinea Breweries Plc. is in the beverage industry and its objective is to continuously satisfy the requirements of consumers with high quality beverages.

LAND MARKS

- First indigenous brewery that brewed and bottled the first indigenous lager beer: Golden Guinea Lager
- Brewed and bottled the first indigenous Stout: Eagle Stout: Eagle Stout.
- The first wholly –owned Government Company to be privatized and quoted on the Nigerian Stock Exchange.

B. SPECIAL BUSINESS

To authorize the company to procure goods and services necessary for its operations from a related party.

NOTE:

1. Proxy

A member of the Company entitled to attend vote at the Annual General Meeting is entitled to appoint a proxy to attend and vote on his/her behalf. A proxy need not be a member of the Company. A proxy form is enclosed and if it is to be valid for the purpose of the Meeting, it must be completed, duly stamped by the Commissioner of Stamp Duties and deposited at the registered office of the Company, the office of the Registrar of the Company, Carnation Registrars Limited, 2A Gbagada Expressway, Lagos or forwarded by email to info@carnationregistrars.com not later than 48 hours before the time fixed for the meeting. A corporate member of the Company is required to execute a proxy under seal. Please note that the company will bear the cost of stamping the proxy forms in line with the guidelines issued by the corporate Affairs Commission.

2. COMPLIANCE WITH COVID-19 RELATED DIRECTIVES AND GUIDELINES:

The Federal Government of Nigeria, State Government, Health Authorities and Regulatory Agencies have issued several guidelines and directives aimed at curbing the spread of COVID-19 in Nigeria and in particular, the ban of large gathering while the Corporate Affairs Commission (CAC) issued Guidelines on Holding Annual General Meeting (AGM) of Public Companies by Proxy. The convening and conduct of the AGM shall be done in compliance with these directives

and guidelines. Shareholders are advised to select from the list of proxies listed below to represent them at the meeting:

- a. Chief J.C. Onyearugbulem
- b. Dr. J.A. Alumonah
- c. Engr. O.N. Ndukwe
- d. HRM. Eze Nwabiaraije Eneogwe
- e. Elder N.C.U. Okoro
- f. Ms. Ugo Agwu (FCA)
- g. Dr. Oluchi Joachin Nzenwa
- h. Mr. Ferguson O. Uzomah (PMP)
- i. Barr. Ochei Odiawa
- j. Mr. Olalekan Najeem Busari

3. **LIVE STREAMING OF THE AGM:** The AGM will be streamed live online. This will enable shareholders and other Stakeholders who will not be attending physically to follow the proceedings. The link for the AGM live streaming will be made available on the company's website at www.arbico.ng.

4. AUDIT COMMITTEE

In accordance with section 404(6) of the Companies and Allied Matters at No. 3, 2020 any member may nominate another shareholder as a member of the Audit Committee by giving notice in writing of such nomination to the Company Secretary at least 21 days before the Annual General Meeting. The Securities and Exchange Code of Corporate Governance provides that members of the Audit Committee should have basic financial literacy and should be able to read financial statements. We therefore request that those nominators be forwarded with a copy of the nominee's curriculum Vitae.

5. CLOSURE OF REGISTER OF MEMBERS:

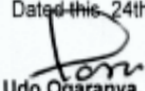

The Register of members and Transfer Books of the Company will be closed from 7th to 11th February, 2022 (Both days inclusive)

6. RIGHTS OF SHAREHOLDERS TO ASK QUESTIONS

Shareholders have a right to ask questions at the Annual General Meeting and shall be required to send their written questions at least five(5) days before the meeting.

BY ORDER OF THE BOARD

Dated this 24th day of January, 2022.

Udo Ogaranya,
Company Secretary,
FRC/2014/NBA/00000009809

Registered Office :
Aba Road,
Afara Industrial Layout, Umuahia.

CHAIRMAN'S STATEMENT.

Distinguished Shareholders, Ladies and Gentlemen,

I welcome all Stakeholders and Shareholders with great pleasure to the 38th Annual General Meeting of Golden Guinea Breweries Plc. I am directed by the Board of your Company, Golden Guinea Breweries Plc. to present to you, the Company's Annual Report and Financial Statements for the year ended 31st March, 2021.

OPERATING ENVIRONMENT:

The year 2021 was a very challenging year. The Nigerian economy experienced insecurity and a high level of crime rate. These were coupled with the sit-at-home episodes in this part of the country. Additionally, the economy was ravaged by the worldwide Covid-19 pandemic; and was plunged into severe economic recession. This was followed by the collapse in oil price and environmentally induced rapid shift in people's way of life, business transactions, and operations.

Your company, in the Beverage industry, operated in an environment that featured lockdowns, and business shutdowns which led to volatile financial markets, including restricted movements and transactions in the global macroeconomy. There were fractious impacts on productivity and returns on investment. The traumatic experience severely affected national life and living standards. The long term effects of all these unprecedented crises remained uncertain.

OUR BUSINESS PERFORMANCE:

The growth rate for the real gross domestic product (GDP) dropped from 2.21% in 2020 to 1.79% in 2021. The dollar exchange rate also moved from 360 Naira per dollar in 2019 to 400 Naira to a dollar in 2020. For there to be sustainable recovery, the government needs to deepen its economic reforms to boost revenue.

Despite the impact of global pandemic and other incidental events in the reporting year, your company, Golden Guinea Breweries Plc. remained competitive through strengthening relationship with the existing Company's distributors by dedicated attention to timely delivery of available products.

It is material to brief Stakeholders that your company closed the year with turnover of N1,463,181,724.00 which gives 71.5% increase compared to previous year 2020 with figures that stood at N853,154,701.00. The increase was due to the great commitment despite the harsh economic environment.

Thanks to Golden Guinea Breweries Plc. management for efficient deployment and effective control on both cost of production and administrative expenses as it confronted several unfavorable events that occurred in the reporting period.

Shareholders are invited to note the commendable strengths and capabilities showcased by your company in cost management and contract acquisition even during

such a pandemic period and to appreciate the encouraging efforts reflected even in the ability of the company to close the year as recorded. The result achieved would be unexpected in the circumstances of an entirely indigenous brewery during such global trying period. This shows that Golden Guinea Breweries Plc. has staff and management with resilience and flexibility, and mindsets ready to adapt to changes and face threats with confidence and take opportunities presented even in global crisis period.

APPRECIATION

Distinguished Shareholders and Stakeholders, permit me to applaud the management and staff of your company for demonstrating ability to ride the storm and to sail through the turbulent year with confidence; and competence in the vision and mission of Golden Guinea Breweries Plc. We celebrate their performance at the time like the present and encourage the teamwork and collegiate attitude that kept them standing safe and strong. They are the reason for our success and our foot soldiers who fought the war gallantly towards business recovery, despite the very tough and severely impactful pandemic year 2020. As Board Chairman I share the confident hope of Stakeholders, Shareholders and Board that the Management of Golden Guinea Breweries Plc. will apply brain and brawn to achieve the hoped-for better future business outlook and socioeconomic environment in the present financial year.

Finally, on behalf of the board, I would like to say a big thanks to the Board of Directors, the Core Investor, all our Shareholders, Clients, Business Associates and Suppliers who walked with us through this turbulent period.

May I also extend our thanks to the Management team and staff for their strong leadership, collaborative efforts, and excellent teamwork. We appreciate that coping with the rules of Covid-19 pandemic and restrictive business practices within our workspace was not easy.

My appreciation also goes to our Board of Directors for their invaluable guidance and wise counsel. Members of the Audit Committee have continued to provide statutory guidance in ensuring best practices. You all contributed your time, hard work and ideas to keep the company. May the Almighty God show mercy and see us all standing safe and finishing strong as a Company and as individuals.

Thank you

Chief J.C. Onyegarugbulem
Chairman, Board of Directors.

The firm of Mokuolu Rubens & Co Chartered Accountants served as the Independent Auditor during the year under review.

In accordance with Section 401(2) of the Companies and Allied Matters Act 2020, the firm has indicated its willingness to continue in office as the Independent Auditor to the Company.

BY ORDER OF THE BOARD

Barr. Udo Ogaranya
Company Secretary
FRC/2014/NBA/00000009809

June 7, 2021

GOLDEN GUINEA BREWERIES PLC

STATEMENT OF DIRECTORS' RESPONSIBILITIES

In accordance with the provisions of the Companies and Allied Matters Act 2020, the Directors are responsible for the preparation of the annual financial statements which give a true and fair view of the financial position of the Company and of the profit or loss of the financial year.

The Directors responsibilities also include ensuring that:

- (i) appropriate internal controls are established to safeguard the assets of the company and to prevent and detect fraud and other irregularities.
- (ii) the company keeps accounting records which disclose with reasonable accuracy the financial position of the company and which ensure that the statements comply with the requirements of the Companies and Allied Matters Act, 2020.
- (iii) the company has used suitable accounting policies consistently applied and supported by reasonable and prudent judgments and estimates and that all applicable accounting standards have been followed.
- (iv) it is also the responsibility of the Directors to be satisfied that it is appropriate for the financial statements to be prepared on a going concern basis unless it is presumed that the company will not continue in business.

The directors accept responsibility for the preparation of the annual financial statements set out on pages 14 to 48 that give a true and fair view in accordance with International Financial Reporting Standards (IFRS), the Companies and Allied Matters Act 2020, and the Financial Reporting Council of Nigeria Act, 2011.

The directors accept responsibility for maintaining adequate accounting records as required by the Companies and Allied Matters Act of Nigeria and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement whether due to fraud or error.

As more fully set out in Notes 1 and 2(e) to the financial statements, the company is gradually increasing business operations in 2021, as it resumed in 2020 financial year the principal activities, with brewing, packaging, marketing, and distribution of Golden Guinea Lager beer, Golden Malta, Oldsborg Lager beer, and Oldsborg Malta. The Company continues to carry out activities focused on expanding capacities and accelerating market penetration, following successful reactivation activities and market re-entry initiatives. The company had suffered major machine breakdown, fire incident, including boiler explosion that occurred in February 2003 which destroyed critical brewery assets, stocks and raw materials. Nevertheless, positive efforts and active steps were taken to recapitalize and resuscitate the company, and major milestones have been achieved. Remaining Rehabilitation and retooling works at the brewery are at various stages of completion as at the date of this report. Also, positive results are being achieved in sourcing the funds and working capital required to accomplish the remaining rehabilitation activities and resume operations on all the company's brands before the end of next financial year. The directors strongly believe that the recapitalization, resuscitation and market re-entry and capacity expansion program will be fully completed and the company will resume business operations on all the product lines before the end of next financial year. In view of this, the directors have made an assessment of the Company's ability to continue as a going concern and have no reason to believe the Company will not remain a going concern in the year ahead from the date the financial statements were approved.

CERTIFICATION OF THE AUDITED FINANCIAL STATEMENTS

Further to the provisions of section 405 of the Companies and Allied Matters Act, 2020, we the Managing Director/CEO and the Chief Financial Officer of Golden Guinea Breweries Plc (“the Company”) respectively hereby certify as follows:

- (a) That we have reviewed the Audited Financial Statements (AFS) of the Company for the year ended 31st March 2021.
- (b) That the AFS represents the true and correct financial position of our Company as at the said date of 31st March, 2021.
- (c) That the AFS does not contain any untrue statement of material fact or omit to state a material fact, which would make the statements misleading.
- (d) That the AFS fairly presents, in all material respects, the financial condition and results of operation of the company as of and for the year ended 31st March, 2021.
- (e) That we are responsible for establishing and maintaining internal controls and affirm that the company’s internal controls were effective as of 31st March, 2021.
- (f) That all significant deficiencies in the design or operation of internal controls which could adversely affect the Company’s ability to record, process, summarise and report financial data have been disclosed to the Independent Auditor and the Audit Committee.

REPORT OF THE AUDIT COMMITTEE

To: The members of Golden Guinea Breweries Plc

In accordance with the provisions of section 404(7) of the Companies and Allied Matters Act, 2020, the Members of the Audit Committee of Golden Guinea Breweries Plc having carried out our statutory functions under the Act, hereby report that:

- (a) the accounting and reporting policies of the Company are in accordance with legal requirements and agreed ethical practices;
- (b) the scope and planning of both the external and internal audit for the year ended 31st March, 2021 are satisfactory. The internal audit programmes reinforce the Company's internal control system; and
- (c) having reviewed the Independent Auditor's memorandum of recommendations on accounting procedures and internal controls, we are satisfied with management responses thereon.

We acknowledge the co-operation of management and staff in the conduct of our duties.

Members of the Audit Committee are:

Opinion

We have audited the financial statements of Golden Guinea Breweries Plc (“the Company”) which comprise the statements of financial position as at 31st March 2021, and the statements of profit or loss and other comprehensive income, the statement of changes in equity, and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 19 to 57.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Company as at 31st March, 2021, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs), the Companies and Allied Matters Act, 2020 and the Financial Reporting Council of Nigeria Act, 2011.

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Institute of Chartered Accountants of Nigeria (ICAN) Professional Code of Conduct and Guide for Accountants, which is consistent with the International Ethics Standards Board for Accountants Code for Professional Accountants (Part A and B), together with other ethical requirements that are relevant to our audit of the financial statements in Nigeria, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

a. Reactivation and Principal Business Activities

Refer to the disclosures in Note 1 (Reporting Entity), Note 2(e) (Significant Accounting Policies - Going Concern) and Note 5 (Revenue). The principal business activities of the company are brewing, packaging, marketing, and distribution of Golden Guinea lager beer, Golden Guinea Malta, Eagle Stout, Bergedorf lager beer, Golden Malta, Oldsborg lager beer, and Oldsborg Malta. The company is gradually increasing business operations in 2021, having resumed in 2020 financial year the principal activities with brewing, bottling, and marketing of Golden Guinea Lager beer, Golden Malta, Oldsborg lager beer, and Oldsborg Malta, following successful reactivation activities. The Company is making efforts to achieve market re-entry of all its product brands.

The directors are of the opinion that the company, as a going concern, will resume operations on all other company's brands when the remaining ongoing rehabilitation and retooling works in the resuscitation programme are completed before the end of next financial year.

How the matter was addressed in our audit

We confirmed through physical verification and review of relevant documents that the company gradually increased business operations during the year under audit, having resumed the principal activities with brewing, bottling, and marketing of Golden Guinea Lager beer, Golden Malta, Oldsborg lager beer, and Oldsborg Malta. We confirmed through substantive procedures that the company was carrying out activities aimed at capacity expansion and accelerating market penetration. Specifically, we confirmed through substantive procedures and analytical reviews that the company commenced packaging of beer and malt products in disposable cans; in addition to increased volume of bottled products. We confirmed that the company has taken active steps necessary to achieve market re-entry of the other remaining product brands during the year under audit.

We confirmed through physical verification and review of relevant documents that the rehabilitation and retooling activities required to resume operations on the other brands of the company were in progress during the year and at the time of this audit report

We verified that rehabilitation and retooling works were being carried out in the brewery.

We verified that the company has acquired and installed new Plant, Machinery and Equipment with increased capacity as part of the resuscitation and capacity expansion program.

We confirmed that the Board of Directors has obtained the required funds, which is currently being applied by the company to resume full production activities as a going concern.

Information Other than the Financial Statements and Audit Report thereon

The Directors are responsible for the other information. The other information comprises the Report of the Directors as required by Companies and Allied Matters Act, 2020, which we obtained prior to the date of this auditor's report and the integrated report, which is expected to be made available to us after the date. The other information does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, if we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The Directors are responsible for the preparation of financial statements that give a true and fair view in accordance with International Financial Reporting Standards, Companies and Allied Matters Act, 2020 and the Financial Reporting Council of Nigeria Act, 2011 and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibility for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- ❖ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ❖ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- ❖ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- ❖ Conclude on the appropriateness of directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion.
- ❖ Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- ❖ Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, action taken to eliminate threats or related safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In accordance with the Companies and Allied Matters Act we expressly state that:

- (i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
- (ii) in our opinion proper books of account have been kept, so far as appears from our examination of those books;
- (iii) the company's financial position and its statement of profit or loss and other comprehensive income are in agreement with the books of accounts.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

1 REPORTING ENTITY

Golden Guinea Breweries Plc, a public company quoted on the Nigerian Stock Exchange, was incorporated on 26th September, 1962. The company was incorporated as a private company under the name Independence Brewery Limited with registration number RC 3164. The name of the company was changed to Golden Guinea Breweries Limited on 6th May, 1971. The company became a public company (Golden Guinea Breweries Plc) in 1978.

The principal activities of the company are brewing, packaging, marketing, and distribution of Golden Guinea lager beer, Golden Guinea Malta, Eagle Stout, Bergedorf lager beer, Golden Malta, Oldsborg Lager beer and Oldsborg Malta.

The company has gradually resumed the principal activities with brewing, bottling, and marketing of Golden Guinea Lager beer in the prior year 2020, following successful reactivation activities, and the company has commenced market re-entry of the product few months to the end of the 2019/2020 financial year. During the year 2020/2021, the company increased its products offering and market penetration by introduction of Oldsborg Lager Beer, Golden Malta and Oldsborg Malta; which are packaged in Cans. The directors are of the opinion that the company, as a going concern, will resume operations on all other company's brands when the remaining ongoing rehabilitation and retooling works in the resuscitation programme are completed.

2 BASIS OF PREPARATION

a. Statement of compliance

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS). These financial statements were authorised for issue by the Board of Directors on June 7, 2021.

b. Basis of measurement

The financial statements have been prepared on the historical cost basis except for inventory which is stated at the lower of cost and net realizable value. Historical cost is generally based on the fair value of the consideration given in exchange for the assets.

c. Functional and presentation currency

These financial statements are presented in Naira, which is the Company's functional currency. All financial information presented in Naira has been rounded to the nearest whole number.

d. Use of estimates and judgements

The preparation of the financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the period in which the estimates and periods in any future affected.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

c. Functional and presentation currency

In particular, information about assumptions and estimation uncertainties and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements are described in the following notes:

Note 22 – Deferred tax assets and liabilities

Note 25 – Financial Instruments and Financial Risk Management

Note 28 – Contingencies

e. Going Concern Status

The company has gradually increased business operations in 2021 on the principal activities with brewing, packaging, marketing, and distribution of Golden Guinea Lager beer, Oldsborg, Lager Beer, Golden Malta, and Oldsborg Malta, following successful reactivation activities in 2020 financial year. The directors are of the opinion that the company, as a going concern, will resume operations on all other company's brands when the remaining ongoing rehabilitation and retooling works in the resuscitation programme are completed before the end of next financial year.

Indeed. Members of the company mandated the board of directors to source for a capable core investor to return the company to business and profitability as soon as possible. The resuscitation program of the company including rehabilitation, retooling, and sourcing of funding has been substantially accomplished, leading to gradual resumption of commercial operations during the 2019/2020 financial year; while remaining ongoing rehabilitation and retooling on-going as at the time these financial statements were approved in June 2021 would be completed before the end of next financial year.

The company carried out recapitalization in 2015/2016. An Extraordinary General Meeting of members of the company was held on October 24, 2014 for the purpose of raising capital. It was resolved by members that the authorized share capital of the company be increased to N2,500,000,000 divided into 5,000,000,000 Ordinary Shares of 50 kobo each and the directors were authorized to raise additional capital by way of Special Placement through issuance of shares, debt to equity conversion etc up to 3,850,000,000 Ordinary Shares as may be determined by the directors subject to regulatory approvals.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

f. Measurement Of Fair Values

A number of the Company's accounting policies and disclosures required the determination of fair value, for both financial and non-financial assets and liabilities. When applicable, further information about the assumptions made in determining the fair values is disclosed in the notes specific to that asset or liability. When measuring the fair value of an asset or liability, the Company uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or liability might be categorized in different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

Transfers between levels of the fair value hierarchy is recognized at the of the reporting period during which change has occurred. Further information about the assumption made in measuring fair value is included in Financial Instruments and Financial Risk Management in Note 25.

3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements, unless otherwise indicated.

a. Foreign currency transactions

Transactions denominated in foreign currencies are translated and recorded in Naira at the actual exchange rates as of the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated at the rates of exchange prevailing at that date. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the period, adjusted for effective interest and payments during the period, and the amortised cost in foreign currency translated at the exchange rate at the end of the reporting period. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined.

Foreign currency differences arising on retranslation are recognized in profit or loss, except for qualifying cash flow hedges, which are recognized in other comprehensive income. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate at the date of the transaction.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

b. Financial instruments

i. Non-derivative financial assets

The Company initially recognises loans and receivables and deposits on the date that they are originated. All other financial assets (including assets designated at fair value through profit or loss) are recognized initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument.

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognized as a separate asset or liability.

The Company has the following non-derivative financial assets:

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand; cash balances with banks and call deposits with original maturities of three months or less. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose of statement of cash flows.

ii. Non-derivative financial liabilities

All financial liabilities (including liabilities designated at fair value through profit or loss) are recognized initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument.

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire.

The Company has the following non-derivative financial liabilities: Loans and borrowings, Bank overdrafts, Trade and other payables.

Such financial liabilities are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition these financial liabilities are measured at amortised cost using the effective interest method.

iii. Share capital

The Company has one class of shares, ordinary shares. Ordinary shares are classified as equity. When new shares are issued, they are recorded in share capital at their par value. The excess of the issue price over the par value is recorded in the share premium reserve.

Incremental costs directly attributable to the issue of ordinary shares are recognized as a deduction from equity, net of any tax effects.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

c. Property, plant and equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost or valuation less accumulated depreciation and accumulated impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the asset. Cost also includes borrowing costs on qualifying assets. Property, plant and equipment under construction are disclosed as capital work-in-progress.

Gains and losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment, and are recognized in profit or loss in the Statement Comprehensive Income.

ii. Subsequent costs

Subsequent expenditure is capitalised only when it is probable that the future economic benefits associated with the expenditure will flow to the company and its cost can be measured reliably. On-going repairs and maintenance are expensed as incurred.

iii. Depreciation

Items of property, plant and equipment are depreciated from the date they are available for use. Depreciation is calculated to write off the cost of items of property, plant and equipment less their estimated residual values using the straight-line basis over their estimated useful lives.

Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of the lease term in which case the assets are depreciated over the useful life.

The estimated useful lives for the current and comparative periods are as follows:

| | |
|-------------------------|----------|
| Land | - |
| Building | 66 years |
| Plant and machinery | 20 years |
| Furniture and equipment | 7 years |
| Motor vehicles | 5 years |
| Computers | 3 years |

Depreciation methods, useful lives and residual values are reviewed at each financial year end and adjusted if appropriate.

Capital work-in-progress is not depreciated. The attributable cost of each asset is transferred to the relevant asset category immediately the asset is available for use and depreciated accordingly.

d. Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories includes expenditure incurred in acquiring the inventories, production or conversion costs and other costs incurred in bringing them to their existing location and condition. The basis of costing is as follows:

| | |
|---------------|---|
| Raw materials | - purchase cost on a weighted average basis including transportation and applicable clearing charges. |
|---------------|---|

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

d. Inventories

| | | |
|------------------------------------|---|---|
| Non-returnable packaging materials | - | Purchase cost on a weighted average basis including transportation and applicable clearing charges. |
| Consumable engineering spares | - | Purchase cost on a weighted average basis including transportation and applicable clearing charges. |
| Finished products | - | Average cost of direct materials and labour plus the appropriate amount attributable to production overheads based on normal production capacity. |
| Products-in-process | - | Average cost of direct materials and labour plus the appropriate amount attributable to production overheads based on normal production capacity. |
| Inventory-in-transit | - | Purchase cost incurred to date. |

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs necessary to make the sale.

Inventory values are adjusted for obsolete, slow-moving or defective items.

e. Impairment

i. Non-derivative financial assets

A financial asset not carried at fair value through profit or loss, including an equity accounted investee, is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be reliably estimated.

Objective evidence that financial assets (including equity securities) are impaired can include default or delinquency by a debtor, restructuring of an amount due to the Company on terms that the Company would not consider otherwise, indications that a debtor or issuer will enter bankruptcy, or the disappearance of an active market for a security. In addition, for an investment in an equity security, a significant or prolonged decline in its fair value below its cost is objective evidence of impairment.

The Company considers evidence of impairment for receivables at both a specific asset and collective level. All individually significant receivables are assessed for specific impairment. All individually significant receivables found not to be specifically impaired are then collectively assessed for any impairment that has been incurred but not yet identified. Receivables that are not individually significant are collectively assessed for impairment by grouping together receivables with similar risk characteristics.

In assessing collective impairment, the Company uses historical trends of the probability of default, timing of recoveries and the amount of loss incurred, adjusted for management's judgement as to whether current economic and credit conditions are such that the actual losses are likely to be greater or less than suggested by historical trends.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

i. Non-derivative financial assets

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. Losses are recognized in profit or loss and reflected in an allowance account against receivables. Interest on the impaired asset continues to be recognized. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

ii Non financial assets

The carrying amount of the Company's non-financial assets, other than inventories are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset is the greater of its value in use and the fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit, or CGU").

The Company's corporate assets do not generate separate cash inflows. If there is an indication that a corporate asset may be impaired, then the recoverable amount is determined for the CGU to which the corporate asset belongs.

An impairment loss is recognized if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognized in profit or loss. Impairment losses recognized in respect of CGUs are allocated to reduce the carrying amounts of the other assets in the unit (group of units) on a pro rata basis.

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognized.

f. Employee benefits

i. Short-term employee benefits

Short-term employee benefits include wages, salaries, leave and other allowances. Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognized to the extent that these benefits have not been paid in cash.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

ii i. Defined contribution plan

A defined contribution plan is a post-employment benefit plan (pension fund) under which the Company pays fixed contributions into a separate entity. The Company has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

In line with the provisions of the Pension Reform Act 2014, the Company is required to institute a defined contribution pension scheme for its employees. Employees are entitled to join the scheme on confirmation of their employment. Employees and the Company will make contributions at the rate of 8% and 10% respectively of annual basic salary and allowances. Employees contributions are funded through payroll deductions while the Company's contribution is charged to profit or loss. The fund is to be managed by a licenced pension fund manager.

However, the company has not implemented the provisions of the Pension Reform Act 2014 because of the prevailing circumstance of temporary cessation of operations. Nevertheless, before cessation of operations, the company had operated a defined contribution plan managed by a Board of Trustees to whom monthly contributions are remitted. The unremitted balance are recognized as liability at the reporting date.

g. Provisions and contingent liabilities

Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

A provision for restructuring is recognized when the Company has approved a detailed and formal restructuring plan, and the restructuring either has commenced or has been announced publicly. Future operating losses are not provided for.

Contingent liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company, or a present obligation that arises from past events but is not recognized because it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability.

Contingent liabilities are only disclosed and not recognized as liabilities in the statement of financial position. If the likelihood of an outflow of resources is remote, the possible obligation is neither a provision nor a contingent liability and no disclosure is made.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

h. Revenue

Revenue from the sale of goods in the course of ordinary activities is measured at the fair value of the consideration received or receivable, net of value added tax, returns, trade discounts and volume rebates.

Revenue is recognized when persuasive evidence exists that the significant risks and rewards of ownership have been transferred to the buyer, recovery of the consideration is probable and there is no continuing management involvement with the goods and the amount of revenue can be measured reliably.

If it is probable that discounts will be granted and the amount can be measured reliably, then the discount is recognized as a reduction of revenue as the sales are recognized.

However, the company did not earn revenue during the year because it has not resumed its principal activities as a result of reactivation activities.

i. Finance income and finance costs

Finance income comprises interest income on bank deposits.

Finance income is recognized as it accrues in profit or loss, using the effective interest method.

Finance costs comprise interest expense on borrowings, bank overdrafts and impairment losses recognized on financial assets (other than trade receivables). Borrowing costs that are not directly attributable to the directly attributable to the acquisition, construction or production of a qualifying asset which are capitalised as part of the related assets, are recognized in profit or loss using the effective interest method.

Foreign currency gains and losses are reported on a net basis.

j. Tax

Income tax expense comprises current and deferred tax. Current tax and deferred tax are recognized in profit or loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

Current tax

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates statutorily enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is recognized in profit or loss account except to the extent that it relates to a transaction that is recognized directly in equity. A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the amount will be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

Deferred tax

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously. Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

k Earnings per share

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

j Segment reporting

An operating segment is a distinguishable component of the Company that earns revenue and incurs expenditure from providing related products or services (business segment), or providing products or services within a particular economic environment (geographical segment), and which is subject to risks and returns that are different from those of other segments.

The Company's primary format for segment reporting is based on business segments. The business segments are determined by management based on the Company's internal reporting structure. All operating segments' operating results are reviewed regularly by the Executive Committee, which is considered to be the chief operating decision maker for the Company to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Where applicable, Segment results that are reported include items directly attributable to a segment as well as those that can be allocated on a reasonable basis.

m. Statement of cash flows

The statement of cash flows is prepared using the indirect method. Changes in statement of financial position items that have not resulted in cash flows such as translation differences, fair value changes, and other non-cash items, have been eliminated for the purpose of preparing the statement.

Dividends paid to ordinary shareholders are included in financing activities. Finance cost paid is also included in financing activities while finance income received is included in investing activities.

n New standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2021, and have not been applied in preparing these financial statements. They include:

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

n. **New standards and interpretations not yet adopted**

IFRS 9 – Financial instruments (effective for annual periods beginning on or after January 1, 2019)
This amendment confirms that when a financial liability measured at amortised cost is modified without this resulting into de-recognition, a gain or loss should be recognized immediately in Profit or Loss.
The gain or loss is calculated as the difference between the original contractual cash flows and the modified discounted at the original effective interest rate.

IFRS 16 - Leases (effective for periods beginning on or after January 1, 2019). Leases are now required to recognize a lease liability (whether finance lease or operating lease) reflecting future lease payments and a right-to-use asset for all lease contracts, except for some short-term leases and leases for low-value assets.

The amendments with regard to covid-19 are effective for annual reporting periods beginning on or after June 1, 2020. Earlier application is permitted, including in financial statements not yet authorized for issue at May 28, 2020.

Interest Rate Benchmark Reform – Phase 2 – Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16
Effective for annual periods beginning on or after 1 January 2021.

The amendments provide temporary reliefs which address the financial reporting effects when an interbank offered rate (IBOR) is replaced with an alternative nearly risk-free interest rate (RFR).

The above standards are not relevant or do not have material impact on the financial statements of the company.

4 **DETERMINATION OF FAIR VALUES**

A number of the Company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

a. **Trade and other receivables**

The fair value of trade and other receivables is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date. For trade and other receivables with a remaining life of less than one year, the notional amount is deemed to reflect the fair value.

Short-term receivables with no stated interest rate are measured at the original invoice amount if the effect of discounting is immaterial. Fair value is determined at the initial recognition and, for disclosure purposes, at each annual reporting date.

b. **Other Non-derivative financial instruments**

Other non-derivative financial liabilities are measured at fair value, at initial recognition and for disclosure purposes, at each annual reporting date. Fair value is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the measurement date.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

5 REVENUE

| | 2021 N | 2020 N |
|---------------|----------------------|--------------------|
| Sale of goods | 1,463,181,724 | 853,154,701 |
| | <u>1,463,181,724</u> | <u>853,154,701</u> |

The company is gradually increasing business operations with brewing, bottling, and marketing of its products, having resumed business operations in 2020 financial year.

Nigeria is the Company's primary geographical segment as all of the Company's sales are made in in Nigeria. Also, all of the company's revenue are usually derived from brewed products with similar risks and returns. Accordingly, no further business or geographical segment information is reported.

| | <u><u>(21,210,959)</u></u> | <u><u>(8,768,089)</u></u> |

10.2 Tax Analysis

Tax for the year is further analysed as follows:

| | | |
|--|---------------------|--------------------|
| Tax recognized in profit or loss | (21,210,959) | (8,768,089) |
| Tax recognized in other comprehensive income | - | - |
| | <u>(21,210,959)</u> | <u>(8,768,089)</u> |

11 EARNINGS/(LOSS) PER SHARE

Basic earnings/(loss) per share is calculated by dividing the loss attributable to ordinary shareholders of the company by the weighted average number of ordinary shares outstanding during the year.

The basic earnings/(loss) per share is calculated using the number of shares in issue at balance sheet date.

Diluted earnings/(loss) per share is calculated by adjusting the weighted average number of ordinary shares outstanding to assume conversion of all diluted potential ordinary shares. There were no potentially dilutive shares at the reporting date (2020 - Nil), thus the basic loss per share and diluted loss per share have the same value.

| | 2021 N | 2020 N |
|--|----------------------|----------------------|
| Earnings/(Loss) attributable to shareholders (Naira) | <u>(225,879,517)</u> | <u>(137,274,557)</u> |
| Number of ordinary shares outstanding at year end | <u>1,003,344,000</u> | <u>1,003,344,000</u> |

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

12 PROPERTY, PLANT, AND EQUIPMENT

12.3 Revaluation

The company's landed properties as well as plant and machinery have been revalued at various times by professional valuers in May 1978 (Sun Oriala & Co and Knight, Frank & Rutley), July 1998 (RCO Okafor & Co), and February 2001 (RCO Okafor & Co) on the basis of depreciated replacement cost. Also the landed properties were revalued by professional valuers (IPALI Harry & Associates) in February 2013 on the basis of open market value as well as depreciated replacement cost. The cumulative revaluation surplus of N4,531,093,553 on the property has been recognized in Equity through Revaluation Reserve.

12.4 Capital Work-In-Progress

Capital work-in-progress relates to Plant and Machinery being refurbished after an explosion incident. It also relates to the purchase and installation of new plant and machinery as part of the programme for resuscitation of the company.

Plant and Machinery were under refurbishment, acquisition, and installation as part of the resuscitation programme of the company were put into use as the company has gradually recommenced production. The Plant and Machinery were reclassified from Capital work in progress to Plant, Machinery and Equipment during the year.

Efforts were made to access funds to enable expansion of the company's productive capacities by ongoing acquisition and installation of certain plant and machinery that will drive penetration into new markets, as the company re-establishes itself in the Markets.

12.5 Capital Commitment

The company has no authorised or contractual capital commitment at the reporting date, except for the purchase and installation of the Plant and Machinery under the resuscitation programme as stated in Note 2(e) - Going Concern Status, and Note 12.4 above.

| 13 INVESTMENT IN SUBSIDIARY | | |
| Subsidiary not consolidated | | |
| Goldfields Agricultural Investments Limited | 1,000,000 | 1,000,000 |
| | <u>1,000,000</u> | <u>1,000,000</u> |

Goldfields Agricultural Investments Limited (Goldfields) is a wholly (100%) owned subsidiary of the company. Goldfields is a private limited liability company incorporated under the Companies and Allied Matters Act of Nigeria. Goldfields had been established and acquired landed property for the purposes of cultivating and providing agricultural inputs of certain raw materials required by the company, in response to certain policy of the Federal Government in 1988. The directors are of the opinion that it would be of no significant value to the members of the company to consolidate the subsidiary as it (Goldfields) has remained non-operational since inception and as at the reporting date.

Also, the directors are of the opinion that the estimated net proceeds of the assets of Goldfields will be adequate to cover the cost of the investment. As a result, no provision for impairment was made for the investment.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MARCH, 2021

22 DEFERRED TAX LIABILITIES

22.1 Recognised deferred tax assets and liabilities

Recognised deferred tax assets and liabilities are attributable as follows:

| | Assets March 31, 2021 N | Assets March 31, 2020 N | (Liabilities) March 31, 2021 N | (Liabilities) March 31, 2020 N | Net March 31, 2021 N | Net March 31, 2020 N |
|-------------------------------|----------------------------------|----------------------------------|---|---|-------------------------------|-------------------------------|
| Property, Plant and Equipment | | | (907,646,932) | (585,085,266) | (907,646,932) | (585,085,266) |
| Others | 932,955,659 | 581,867,125 | - | | 932,955,659 | 581,867,125 |
| | <u>932,955,659</u> | <u>581,867,125</u> | <u>(907,646,932)</u> | <u>(585,085,266)</u> | <u>25,308,727</u> | <u>(3,218,141)</u> |

22.2 Movement in temporary differences during the year

Year 2020

| | Balance at April 1, 2019 N | Recognised in Profit or Loss N | Recognised in Other Comprehensive Income N | Balance at March 31, 2020 N |
|-----------------------------------|----------------------------------|--------------------------------------|--|-----------------------------------|
| Deferred Tax Assets/(Liabilities) | (16,252,004) | 13,033,863 | | (3,218,141) |
| | <u>(16,252,004)</u> | <u>13,033,863</u> | <u>-</u> | <u>(3,218,141)</u> |

Year 2021

| | Balance at April 1, 2020 N | Recognised in Profit or Loss N | Recognised in Other Comprehensive Income N | Balance at March 31, 2021 N |
|-----------------------------------|----------------------------------|--------------------------------------|--|-----------------------------------|
| Deferred Tax Assets/(Liabilities) | (3,218,141) | 28,526,868 | | 25,308,727 |
| | <u>(3,218,141)</u> | <u>28,526,868</u> | <u>-</u> | <u>25,308,727</u> |

Deferred tax assets on certain deductible temporary differences were recognized based on certain evidence. This includes that the company's taxable temporary differences and deductible temporary differences relate to the same taxation authority, and the directors have made assessment and believe that it is probable that future profits will be available for recovery of the deferred tax assets.

There are no unrecognized deferred tax assets and liabilities in the current and preceding year.

25 FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMENT

25.1 Financial Risk Management

The Company has exposure to the following risks from its use of financial instruments:

- (a) Credit risk
- (b) Liquidity risk
- (c) Market risk
- (d) Interest rate risk
- (e) Operational risk
- (f) Capital Management risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk, and the Company's management of capital, as obtainable during the period of gradual resumption of business operations after many years of temporary cessation of business. Also, where applicable, further quantitative disclosure are included throughout these financial statements.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

25.2 Risk Management Framework

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has delegated the responsibility for developing and monitoring the Company's risk management policies to the management of the company. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to controls. Risk management policies and systems are normally reviewed regularly to reflect changes in market conditions and the Company's activities.

However, during the period under review, risk management activities including review of risk management policies and systems were not effectively carried out because the company had been operationally dormant in prior years. Efforts and Priority attention was paid to the resuscitation programme and market re-entry initiative as the company gradually resumes operations.

25.3 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure.

The maximum exposure to credit risk at the end of the reporting period was as follows:

| | March 31 2021 N | March 31 2020 N |
|-----------------------------|--------------------------------|--------------------------------|
| Trade and other receivables | 150,969,017 | 35,514,207 |
| Cash and cash equivalent | 121,965,875 | 72,236,276 |
| | <u>272,934,892</u> | <u>107,750,483</u> |

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

25.3 Credit Risk

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The Company considers that it is not exposed to major concentration of credit risk in relation to trade receivables. However, credit risk can arise in the event of non-performance of a counterparty. Credit limits are established for each customer, which represents the maximum allowed open amount. These limits are reviewed bi-annually. Customers that fail to meet the Company's benchmark creditworthiness may transact with the Company only on a cash-and-carry basis.

The Company recognises that an allowance should be established for impairment that represents its estimate of incurred losses in respect of trade and other receivables, which is a specific loss component that relates to individually significant exposures.

| | March 31 2021 N | March 31 2020 N |

Movement in impairment allowance

Movement in allowance for impairment losses in respect of trade and other receivable during the year was nil as follows:

| | March 31 2021 N | March 31 2020 N |
|------------------------------|--------------------------------|--------------------------------|
| Balance at April 1 | - | - |
| Impairment losses recognized | - | - |
| Balance at March 31 | - | - |

Cash and Cash Equivalent

| | March 31 2021 N | March 31 2020 N |
|--------------------------|--------------------------------|--------------------------------|
| Cash and Cash Equivalent | 121,965,875 | 72,236,276 |

The Company held cash and cash equivalents as stated below and this represents its maximum credit exposure on these assets.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

25 FINANCIAL INSTRUMENTS AND FINANCIAL RISK MANAGEMNT

25.4 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company recognises that an appropriate liquidity risk management framework should be made for the Company's short, medium and long term liquidity requirements and this should include monthly cash flow projections, which assists in monitoring cash flow requirements and optimizing cash returns on investments.

The company has established a working agreement with Pan Marine Investments Limited in connection with refinancing of the company's bank loans, sourcing of funds and resuscitation of the company. During the year, the company continued to receive funding from Pan Marine Investments Limited to meet financial obligations and finance operational activities. And as at the time these financial statements were approved in June 2021, there was strong indication that Pan Marine Investments Limited will continue its financial commitment to the company as the core investor till when the on-going resuscitation project and market re-entry is completed.

Except certain obligation that will fall due over the next four years, the company's trade and other payables are short-term obligations which are past due.

The following are the contractual maturities of financial liabilities, including estimated interest payments and excluding the impact of netting agreements:

Non derivative Financial Liabilities

| | Carrying Amount N | Contractual Cash flow N | 6 months or less N | 6 to 12 months N | Over 1 year to 5 Years N |
|--------------------------|-------------------------|-------------------------------|--------------------------|------------------------|--------------------------------|
| March 31, 2020 | | | | | |
| Loan and borrowing | - | - | - | - | - |
| Trade and other payables | 2,222,163,085 | 2,222,163,085 | 669,077,825 | 1,003,616,737 | 549,463,524 |
| | <u>2,222,163,085</u> | <u>2,222,163,085</u> | <u>669,077,825</u> | <u>1,003,616,737</u> | <u>549,463,524</u> |
| March 31, 2021 | | | | | |
| Loan and borrowing | - | - | - | - | - |
| Trade and other payables | 2,357,083,471 | 2,357,083,471 | 779,374,284 | 1,169,061,426 | 408,647,762 |
| | <u>2,357,083,471</u> | <u>2,357,083,471</u> | <u>779,374,284</u> | <u>1,169,061,426</u> | <u>408,647,762</u> |

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

25.5 Market Risk

Market risk is the risk that changes in market prices, such as foreign exchange rate, interest rates and equity prices will affect the Company's income or the value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimizing the return on risk.

In the circumstance the company is gradually resuming its principal activities, the impact of market risk on the company was very minimal as the company was not engaged in activities that could result into market risk exposure during the year.

There has been no change to the Company's exposure to market risks or the manner in which it manages and measures the risk during the year.

Foreign Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to the changes in foreign exchange rates.

A Company is exposed to currency risk on sales and purchases and borrowings that are denominated in a currency other than the functional currency of the Company, primarily the Naira. In managing currency risk, the Company aims to reduce the impact of short-term fluctuations on earnings. The company was not exposed to currency risk during the year, as no transaction involving foreign currency was undertaken and no amount was payable in foreign currency as at the reporting date.

25.6 Interest Rate Risk

The Company had certain outstanding bank loan which the bank had since sold to AMCON. The facility was established with fixed/capped interest rates, reducing its exposure to changes in interest rates on borrowing. Pan Marine Investments Limited fully repaid to AMCON the outstanding bank loan during the year as part of the funding and working agreement with the company.

25.7 Operational Risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with the Company's processes, personnel, technology and infrastructure, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of corporate behaviour. Operational risks normally arise from all of the Company's operations. The Company's objective is to manage operational risk so as to balance the avoidance of financial losses and damage to the Company's reputation with overall cost effectiveness and to avoid control procedures that restrict initiative and creativity.

The primary responsibility for the development and implementation of controls to address operational risk is assigned to management. This responsibility is supported by the development of overall Company standards for the management of operational risk in the following areas:

- Documentation of processes, controls and procedures
- Periodic assessment of operational risks faced, and the adequacy of controls and procedures to address the risks identified by the risk management committee
- Training and development of employees
- Appropriate segregation of duties, including the independent authorization of transactions
- Monitoring of compliance with regulatory and other legal requirements

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

25.7 Operational Risk

requirements for reporting of operational losses and proposed remedial action
Reconciliation and Monitoring of transactions
development, communication and Monitoring of ethical and acceptable business practices
risk mitigation, including insurance when this is effective.
monitoring of business process performance and implementation of improvement mechanisms

25.8 Capital Management

The Company's objectives, when managing capital, are to safeguard the Company's ability to continue as a going concern in order to provide returns for the shareholders and to maintain an optimal capital structure to reduce cost of capital. In order to maintain or adjust the capital structure, the Company may among other things, issues new shares or convert debt to equity.

The Company's debt to adjusted capital ratio at the end of the reporting period was as follows:

| | March 31 2021 N | March 31 2020 N |
|--------------------------------|--------------------------------|--------------------------------|
| Total liabilities | 2,382,798,301 | 2,273,354,647 |
| Less: Cash and cash equivalent | (121,965,875) | (72,236,276) |
| | <u>2,260,832,426</u> | <u>2,201,118,371</u> |
| Total Equity | <u>2,495,543,547</u> | <u>2,719,290,177</u> |
| Debt to Adjusted Capital ratio | 0.91 | 0.81 |

The going concern implications of the ratios above are addressed in Note 2(e).

GOLDEN GUINEA BREWERIES PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2021

25.8 Fair Value

Fair values versus carrying amounts

The fair values of financial assets and liabilities, together with the carrying amount shown in the statement of financial position, are as follows:

| | March 31, 2021 Carrying Amount N | March 31, 2021 Fair Value N | March 31, 2020 Carrying Amount N | March 31, 2020 Fair Value N |
|---|--|-----------------------------------|--|-----------------------------------|
| Assets measured at amortized cost | | | | |
| Cash and cash equivalent | 121,965,875 | 121,965,875 | 72,236,276 | 72,236,276 |
| | <u>121,965,875</u> | <u>121,965,875</u> | <u>72,236,276</u> | <u>72,236,276</u> |
| Liabilities measured at amortized cost | | | | |
| Loans and borrowings | - | - | - | - |
| Trade and other payables | 2,357,083,471 | 2,357,083,471 | 2,222,163,085 | 2,222,163,085 |
| | <u>2,357,083,471</u> | <u>2,357,083,471</u> | <u>2,222,163,085</u> | <u>2,222,163,085</u> |

The directors believe that the fair values of the financial assets and liabilities are not significantly different from the carrying amounts shown in the statement of financial position. The basis for determining fair values is disclosed in Note 4.
